- Develop Database applications using Java.

EDUCATION

BS Computer Science

Southwestern College

📅 2017 - Ongoing

- Expected graduation date December 2021

GPA

3.7 / 4.0

AS in Applied Construction Science

Butler Community College

📅 2017 - 2019

GPA

3.9 / 4.0

PROJECTS

Das Local

🔗 https://github.com/marcusc83/Das_Local

Member Organizational Mobile App

- Das Local is a mobile cross-platform application built using Xamarin Forms. The app is currently about 75% complete. This app was designed to allow membership dues to be paid via a mobile app.

STRENGTHS

🗨 Excellent Communicator

Throughout my 10 + years in the professional workplace, I have learned that the ability to clearly communicate is fundamental in solving problems and driving business forward.

👥 Team Player

The entirety of my professional life I have been working with others. During this time I have learned how important teamwork is to completing tasks.

🕒 Efficient Time Manager

Being a student, working full-time, and having a family has taught me how to effectively budget my time.

TOOLS

Xamarin Forms

C#

Java

Visual Studio

SQL Server

.Net Core

Entity Framework

React
